One Cry for
Transforming
Michigan -
a great
awakening

FORWARD BY RICK WARZYWAK

Why we need this book at this time in history:

Our state and nation is presently facing many challenges. There are those who are losing hope and see no future for our children and grandchildren.

This booklet is designed to provide solutions so the grassroots can engage the area of influence they feel they are called to. It is based on a Biblical worldview paradigm encouraging conservatives to take action to preserve our nation.

You may ask "What can I do?"

There is much to do in the seven cultural gateways: Family, Church, Business, Government; Education; Media/Communications; and Arts/Entertainment.

As we look at history and see what brought societal hope and change - lets take action now!.

Yes, there is great hope for
