

Do all lives matter?

Yes! ~ *We Agree America!*

Human life is precious which includes babies in the womb, Black, White, Asian, Hispanic, etc. When a nation denies the sanctity of life it is capable of doing anything to its people!

Is marriage only between a man and a woman?

Yes! ~ *We Agree America!*

When marriage is redefined, children are hurt. They do better when raised by a married mom and dad. If family foundations are destroyed then the doors of immorality will open.

Should we vigorously teach America's foundations and moral values to this generation and future generations?

Yes! ~ *We Agree America!*

The greatest threat to America is that we have not passed on the fundamentals of our foundation, our constitution, American patriotism, and especially our Judeo-Christian values to this generation. Examine how this has opened the door to capture the minds of a generation, and how it threatens our very existence.

Is Radical Islam and Shariah Law a threat to our U.S Constitution and way of life?

Yes! ~ *We Agree America!*

Islam affects the First Amendment with its rights to freedom of speech and freedom of religion. Islam is not compatible with the US Constitution in a nation of laws.

Should we support "civil righteousness"?

Yes! ~ *We Agree America!*

There must be a mediation and resolution of social, cultural, political, economic, and spiritual conflict in society. Social justice, civil unrest, and black lives matter, should be held to a higher standard of a Biblical worldview and prayer.

Should America stand behind and support Israel?

Yes! ~ *We Agree America!*

If America truly values life, liberty, and the right of citizens to pursue happiness, than America should support the nation of Israel who shares these values. America and Israel are not only allies, but share a Biblical worldview and a reverence for life and liberty.

BROCHURE DEVELOPMENT DONATED BY RESULTS@LATOCKI.COM

We are a nation at risk facing many challenges.

Will our children have a future?

Polls show we have a nation that still maintains a foundational Christian base.

This is eroding quickly and we must now become personally engaged.

WeAgreeAmerica.org

What challenges are we facing?

The threat of radical Islam; terrorism; racial unrest; financial collapse/national debt; losing individual freedoms; socialism/progressivism permeating our culture; dismantling of U.S. Constitution/States rights; open borders; illegal immigration; a redefining of marriage; increasing sexual immorality; unrestrained judges; abortion; body parts being sold by Planned Parenthood. . . *what more can be said?*

What can be done?

The election in 2016 will ultimately determine if we remain a free nation or one that spirals down into bondage. We must first pray, vote Biblically and impact our communities for Christ. We all have a responsibility to be a voice and share the truth regarding issues of the day.

Would you like to be part of the solution? Review the contents of this brochure carefully and share it with others. Is freedom of religion foundational to all of our personal rights and liberties?

Yes! ~ *We Agree America!*

Freedom of religion is the foundation of our rights in a free and virtuous society. When a nation turns its back on its God given laws nothing is secure!

Does constitutional good governance under the rule-of-law matter?

Yes! ~ *We Agree America!*

Timeless moral truths form the fundamental foundation for constitutional good governance. Standing for truth is difficult but necessary. We can help with solutions.

Will the financial structure which governs our nation determine the limit to which that nation can prosper and grow?

Yes! ~ *We Agree America!*

A sound financial structure does not spend more than it takes in, promise more than it can deliver or indenture future generations. A wise and prudent system carefully accounts for what it takes in, makes sure that it has more than enough to meet its obligations and sets aside additional funds to invest for the future. This leaves future generations a legacy, not a debt.

Should our borders be secured, law enforcement be honored, and rule-of-law upheld?

Yes! ~ *We Agree America!*

Law enforcement faces many challenges. Our borders are open allowing drugs, gang cartels and terrorists into our nation's cities.

If people vote Biblically can we change a direction of a nation?

Yes! ~ *We Agree America!*

When one votes Biblically they are allowing God to orchestrate their life. We must believe that God's Word is true and provides the principles by which to select, endorse and vote for the right candidate. Putting "God first" shifts people's voting power towards God's original intent of governing a nation.

Will you rise up to defend our nation and preserve a future for our children and grandchildren? We all need to act now!
