### Gina Gholston on the Transformation Michigan Prayer Call, October 17, 2022

“Good evening to everyone. What an honor it is for me to be with you tonight and join in with this call. And I just want to say first of all, thank you, every one of you for hearing this word and for taking this word seriously — not just this word, but all the words that God is speaking over your state, over the nation. And we're just so thankful for those that are hearing and that are running with the word, and so it is sincerely my honor to join you tonight and to be here with you.

“When God spoke this word into my spirit it...I was on my way that night to speak at New Wine Ministries with Victor and Tammy Torres there. And this was not anything that was on my radar at all, and as a matter of fact, God just totally rearranged my whole entire message for that night around this word, because it was such an urgent thing from the Holy Spirit. And I did share it there in Waterford and then down to Coloma [MI].

“I also shared this word with Apostle Barbara Yoder. Some of you might be familiar with Apostle Barbara. And her church there in Ann Arbor had been in conference that weekend as well. And Barbara shared with me that this word was confirmation for much of the same things that God had been speaking in their conference.

“So, Michigan is really on the mind and heart of the Lord right now. And what God is doing there is so critical not just for your state, but critical for what God is doing in the entire nation. And I know it's gonna' have an impact there. So again, I just want to say thank you for taking your place in this. It's such a serious moment. It's such a serious time. And I know that one of the words that God has given is that this move of the Spirit that we're in, it's not just going to be about preachers, but it's going to be about the Body of Christ moving with the power of Holy Spirit, working with Holy Spirit to see God's intentions fulfilled.

“And so, I just want to encourage you tonight. One of the words God said to me back in 2020 through a dream, *I am not late*. God is moving. This thing is happening, and we're going to work with Him and we're going to release our supply and all of us do our part.

“So I want to share this with you — this word again with you. I want to share with you, just real briefly something you may not know, but this word —

“I was awakened at 3:30 on October 7, 3:30 in the morning, the Lord woke me up. What actually I heard was the sound of a car alarm going off outside my window, my hotel window, and, but what I heard was not this physical alarm going off. I heard an alarm going off in my spirit. And it was so powerful. I sat straight up in my bed. And when I did, this word began to be downloaded into my

spirit. And the first thing I heard, I heard a question, “Who is this that I see coming out of the wilderness leaning on her beloved?”

“And then I heard the answer to the question. *It is my remnant warriors in Michigan who have not forgotten Me, and they have not forgotten My promises. They have set Me and set My word as a seal upon their heart and they have not relinquished their faith in Me. Now, I am leading them out of the wilderness place. Their path is becoming brighter, clearly revealed as in the brightness of the noonday sun.*

“And then I could see the name Michigan, and it was like the letters begin to kind of move around and scramble around, and then I saw this sentence form that said, *Michigan will see Me again.* And I heard the Lord say, *I'm coming in power to visit this state. I'm releasing even now through My awakened body, a flow of unstoppable power that will set things in motion to reveal and to uncover. Then to revive and recover.*

“And then it was as if I was looking at the whole state of Michigan. It was like on a map and I could see the entire state of Michigan, and the Lord showed to me in the center of the state I could see like water bubbling up out of the ground in the center of the state. And it was as if a geyser was getting ready to erupt in the center of the state. And I heard the Lord say, *There is a swell of an underground current that is rising up out of this state and it will burst forth, and it will form into a wave of justice that will impact the nation. My roar will be heard from this state.* He said that very — it was very powerful when that came forth.

“And then He showed to me a wave that began to build from that geyser that was now erupting. And in this wave, I saw it was like the waters were forming in a way that looked like the face of a lion in the center of the wave, and the wave was cresting and I could hear a roar coming out of that wave. And the Lord said, *Michigan, you were once muzzled, but now I am giving you your voice back. I am making you as my mouthpiece and out of you I will release My sound, My roar, like the sound of many waters, and it will reverberate throughout the nation.*

“Then the Lord reminded me of a word that He had given to me back on February the ninth of 2020, and it was as if in that moment He was saying this again over the state of Michigan. And in that word He said, *My power is twirling. It is an unstoppable spin that is breaking the surface to relieve the pressure of the swell of my manifested glory.* And he used that word swell in the sense of a collection of waves that would form one long, massive, continuous wave.

“And He continued saying, *Reformation is pushing forth. The die has been cast; it cannot be stopped. The geyser is ready to be released. What has been concealed will now be revealed. Watch it gush forth and release the pressure of the swell and reveal the river of My prevailing glory.*

“And then I could see Michigan on a map, the lower parts of Michigan, but I didn't see the state as the shape of a mitten, but I saw it as a boxing glove. And I heard the Lord say, *I'm about to deliver a knockout blow from this state. It is an unexpected and a fatal blow to a major agenda that has been at work in this nation. My intercessors have been lacing up the glove with their prayers, their obedience, and their intercession. And now I will put My hand in the glove and I will strike the blow from this upper state. I will deliver a shocking upper cut and a giant will fall.* Praise the Lord!

## **By Steve Deckrow**

“I first read Gina Gholston’s prophecy on Oct 12 and then listened to it on Dutch Sheets’ “Give Him 15” the next day. I was moved by it when I read it the first time, but then listening to Dutch read it several things jumped out at me:

1. The geographical center of the lower peninsula of Michigan is St. Louis. I knew this because I grew up in Alma, MI right next door. I knew immediately I was to call for a prayer mission to St. Louis to complete the release.

2. I noted the context of those things the Holy Spirit was saying were being released. Some were presently ‘being’ released and some were ‘to be’ released.

*“I am releasing, even now, through My awakened body, a flow of unstoppable power that will set things in motion to reveal and uncover, then to revive and recover!”*

*“This water looked like a geyser ready to erupt. He [The Lord] said, ‘There is the swell of an underground current rising up out of this land, and it will burst forth and form into a wave of justice that will impact the nation.’”*

*“Then He showed me a wave that would be built from the geyser. **The geyser is ready to be released!**”*

*“I am about to deliver a knock-out blow from this state.”*

3. I felt the Holy Spirit prompt me to research the history of St. Louis. Though I grew up right next door I knew nothing about what caused both St. Louis to flourish from a small logging town to become a sanctuary for the lame and sick in the late 1800’s and early 1900’s. Below is a brief history of St. Louis’ Magnetic Mineral Springs.”

## **History | St. Louis’ “Magnetic Springs”**

Joseph W. Clapp founded St. Louis in 1853, when he followed an Indian trail that led to the five-year-old Bethany Lutheran Indian Mission.

In the fall of 1868, two St. Louis residents drilled for salt in hopes of becoming wealthy. Instead of finding salt they found mineral water which was found to have healing powers. As a result, luxurious hotels, renowned opera houses, and a variety of businesses were established to accommodate the travelers **visiting the springs**.

In April of 1870 the St. Louis newspaper correspondent wrote:

“The village is now as it has been all winter full of invalids from all parts of the country, and every day we witness some remarkable cures effected by this strange water. By June, St. Louis was a village transformed.”

It is written that the most celebrated and most enduring quality of the water was its effect on crippled and maimed limbs. Various ailing citizens began to apply and drink the water, some claiming definite improvement in their conditions and others claiming complete cures.

A sample of the wonderful water was sent to Detroit for analysis by Dr. Samuel Duffield. The scientist's initial test indicated that the water contained curative qualities superior to those of the springs of Saratoga—and equaled by only one European well.

Whether written by a righteous man or a marketer of his day, the following was written about the springs in 1881.

**“Lines on the Magnetic Springs of Saint Louis” by J. A. Cassidy**

Bursting from beneath the sod —  
Healing gift of nature's God;  
This clear fountain flows amain,  
Banishing disease and pain.

Purer than the chemist's art —  
For it has no counterpart;  
All purity is here contained,  
A blessing from Heaven ordained.

For man's conform this is sent —  
A drink of which to be content;  
Healthier than the red wine's cup —  
Nature's well-sprint bubbling up.

Type of Heaven's Chasity,  
Making mind and body free,  
Pure and fresh from 'neath the sod  
Bursts the sparkling gift of God.

In 1955 St. Louis was verified to be the geographic center of Michigan. A memorial was dedicated in the Clapp Memorial City Park by then Governor Philip Hart.

RELEASE THE GEYSER —

THE KNOCKOUT PUNCH FROM THE CENTER OF THE STATE

“On May 11, 2023 I attended the prayer session in the anointed Room 426, in the State Capitol. It was a very powerful time in God's presence with intercession, supplication and decrees.

“Just days before May 11, Room 426 was anointed with oil. A woman in the May 11 prayer meeting had the revelation that the numbers of the room add up to 12;  $4+2+6=12$ . Twelve is a sign of God's governmental foundation and Divine Authority...Completion & Perfection! I encourage all of you to visit room 426 on the second Thursday of every month when you are able.

“I shared Gina Gholston's prophecy along with the story of St. Louis, Michigan, the recognized geographical center of the lower peninsula of Michigan, and the fact that it was renowned worldwide in the late 1800's and early 1900's for its miracle healing well (article follows).

“Immediately upon finishing the reading of prophecy and the St. Louis story, Rick Warzywak of Transformation Michigan received what I believe was revelation. He had me anointed with oil and then asked me to anoint the four corners of the lower and upper peninsulas and the Mackinac Bridge on a new map of Michigan.

“When I came into the room, several minutes after it started, Rick had two maps laying on the table in front of him; an old one and the new one which we anointed. On the left flap of the new map was our governor's picture (whom I have a hard time not despising), but the Holy Spirit spoke clearly to me to anoint her face with oil. When I did I declared, "God can turn anyone...Damascus Road for her." I have a hard time praying for my enemies, but He's teaching me how. I am choosing to believe God has her number.

“As soon as we completed anointing the map, Rick pulled out the old map and tore it into pieces, handing each of us one with the thought of keeping it as a memory of the occasion. I believe it was a very powerful time. I have great expectations for what lies ahead for God's remnant warriors.”

### **The Prayer Initiative**

*“In its center of the state, I could see like water bubbling up out of the ground.” Gina Gholston*

#### **St. Louis – The Official “Geographical Center of the Lower Peninsula of Michigan”**

On May 11, 2023 on the Transformation Michigan prayer call, Steve Deckrow shared about his prayer session in the Capitol that day, and also the history of St. Louis’ healing mineral waters in the 1800-1900’s. Upon hearing this on the call, Lana Kristal shared St. Louis was her first home and in the early 1960’s her father drove the family to the outskirts of St. Louis to drink water from a hand pump from a well (although not the healing waters mentioned).

She said, “The enemy counterfeited the healing waters.” In 1973, the Michigan Chemical Company (aka Velsicol Chemical Corporation) was responsible for a toxic flame retardant mistakenly being sent to Michigan farmers as livestock feed causing an environmental health crisis. That company also produced DDT in the 1940’s. On the call we repented for the actions of this company and we knew an intercessory initiative in St. Louis was on ours and the Lord’s hearts.

Previously, numerous prayer and intercessory teams have prayed in St. Louis. Now Steve and Lana are gathering in the middle of the mitten with intercessors, prayer warriors, and worshippers with hearts to take back our state and nation. We hope you will join us and also invite others to this “Kingdom come” event.
